SERVING IN EASTERN EUROPE FOR 16 YEARS

Sixteen years have passed since we arrived to Romania. Time has flown by fast, and as the scriptures say, we are “Redeeming the time, because the days are evil.” (Eph.5:16)

I was studying about the word ‘time’ and discovered that the Greeks used two words to define it. The first is “cronos”, which is the chronological and linear meaning with which we are mostly familiar. This ‘time’ also leaves its mark on our bodies as it passes by; as a matter of speaking it makes us age.

The second word is “kairos”, which is used in the text in Ephesians and which means “opportunity”, “occasion”, “opportune time”. This “time” is the one I say that rejuvenates us. This type of time fills our lives with passion, making us enthusiastic and filling us with hope.

Thus, taking advantage of time is something we all need to do, meaning we must look for the good and opportune occasions to fulfill the will of God. I am not talking about his moral will, but about His teleological will, from the Greek “telos”, meaning purpose. It is these divine opportunities that give potential to our objectives, with which we achieve our dreams and live life to the fullest.

To benefit from the “kairos” in our life we need maturity and divine wisdom; with these we will be able to live our life with a sense of mission, fulfilling His “Great commission”. So we wish you the greatest opportunities in the year 2011. Happy New Year!

We thank you

We are very thankful for your answer in helping our national missionaries, the Vasiliniuc family.

- They now have a heating system in their room, just in time for the winter season. We also painted and rearranged the room. School supplies were also bought for the children and their vehicle was fixed.
- Pray for Gabriel’s fragile health as well as for his wife’s, Asia.
- They are now partaking in a pastoral care program and a mentoring ministry.
- Pray that they may enjoy and take advantage of this resting and learning time.

Gabriel & Asia Vasiliniuc,
their children: Emi (7), Miriam(6) y Emma (2).

Brain storming our vision for the future
